Note 1: AIC Can provide spliced wires for external piggyback controller in the harness for an additional **\$40 NZD**.

Note 2: Standard harness = **\$350 NZD** / Harness with spliced pig tails = **\$390NZD** / Trac addition = **T.B.C** / Shipping is additional cost see **note 6**

Note 2: Trac ECU to be done after ecu patches, they are T.B.C depending on availability of the connectors.

Note 3: Group buy commences after 50% deposit has been received via PayPal [Customer's responsibility to use safe trading facility and associated costs].

Note 4: Harnesses are produced first in first served. First deposit gets their harness produced first.

Note 5: Production is: 1 harness per day, production begins 10 working days after deposit has been received.

Note 6: Shipping can be group or individual, group to decide how they want to proceed.
